Mr. William H. Bowen

Dorman & Gamboa v. Watchtower Bible and Tract Society of N.Y.

Dear Bill,

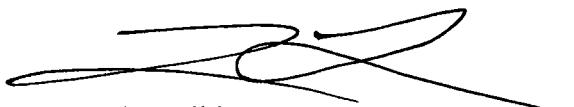

I would like to thank you for the outstanding assistance you provided our firm as a consultant and expert witness on behalf of the plaintiffs in the above referenced case. Your knowledge and insight of the organizational structure, doctrines and practices of the Jehova's Witnesses were invaluable to our ability to successfully prosecute this civil case to a successful result for our clients.

In a very short time you were able to educate and guide us through the complexities of beliefs and practices which were very foreign to us. Your guidance helped us to formulate the correct strategy for taking important testimony and obtaining supportive documentation of the allegations of our complaint.

I would highly recommend your services to other firms who are engaged in litigation with the Jehova's Witnesses. Please feel free to share this letter if you so desire.

I have personally enjoyed the time we spent together working on the case, and I look forward to working with you again should the opportunity present. Your dedication to exposing the scourge of childhood sexual abuse within the Jehova's Witnesses and the utter failure of that institution to properly respond to such an insidious problem is commendable and we all at our firm support the work you do.

With best regards,

Irwin Zalkin
